

Pre Pay Crew Calling Instructions

IMPORTANT

Please be aware that Crew Calling SIMS can be used with any Iridium Telephone. When used with ECI Fixed mount units such as the Skanti 7701 or Sailor 4000, a 0 must be dialed first to enable an external call. This is not necessary with mobile handsets. In addition, please do not confuse the "Captains" PIN code with the security PIN 1+2 numbers issued with your SIM card. PIN 1 + 2 are security numbers to prevent unauthorised use of your SIM card and as such are retained on the SIM. The "Captains" PIN is retained on the Iridium Crew calling network.

INSTRUCTIONS

How to use your "Captains" PIN

Dial 698 698 from a Crew Calling activated telephone, the user will receive voice prompts offering four choices from a security menu.

Choose 1 to Change the PIN number

Choose 2 to turn the PIN On (lock) for voice and data

Choose 3 to turn the PIN On (lock) for voice only This setting allows data calls to be made without entering an access code.

Choose 4 to Cancel or unlock voice and data. Choosing this option will allow anyone to make voice or data calls without being asked for access codes.

Dial 698 followed by the Full International Telephone Number required. Omit 00 or + in the dialing string. When the call is ready to connect, the user will receive a voice prompt to enter the PIN number (if the feature is switched on). If the PIN number is correct then the call is connected.

DATA CALLS

Choose option 3 or 4 from security menu before placing data calls.(see above). In addition the dialing string for any data call must be preceded by 698.

SCRATCH CARDS

Please note that the instructions below are printed on the back of all Iridium Scratch Cards
